Greylock WORKS

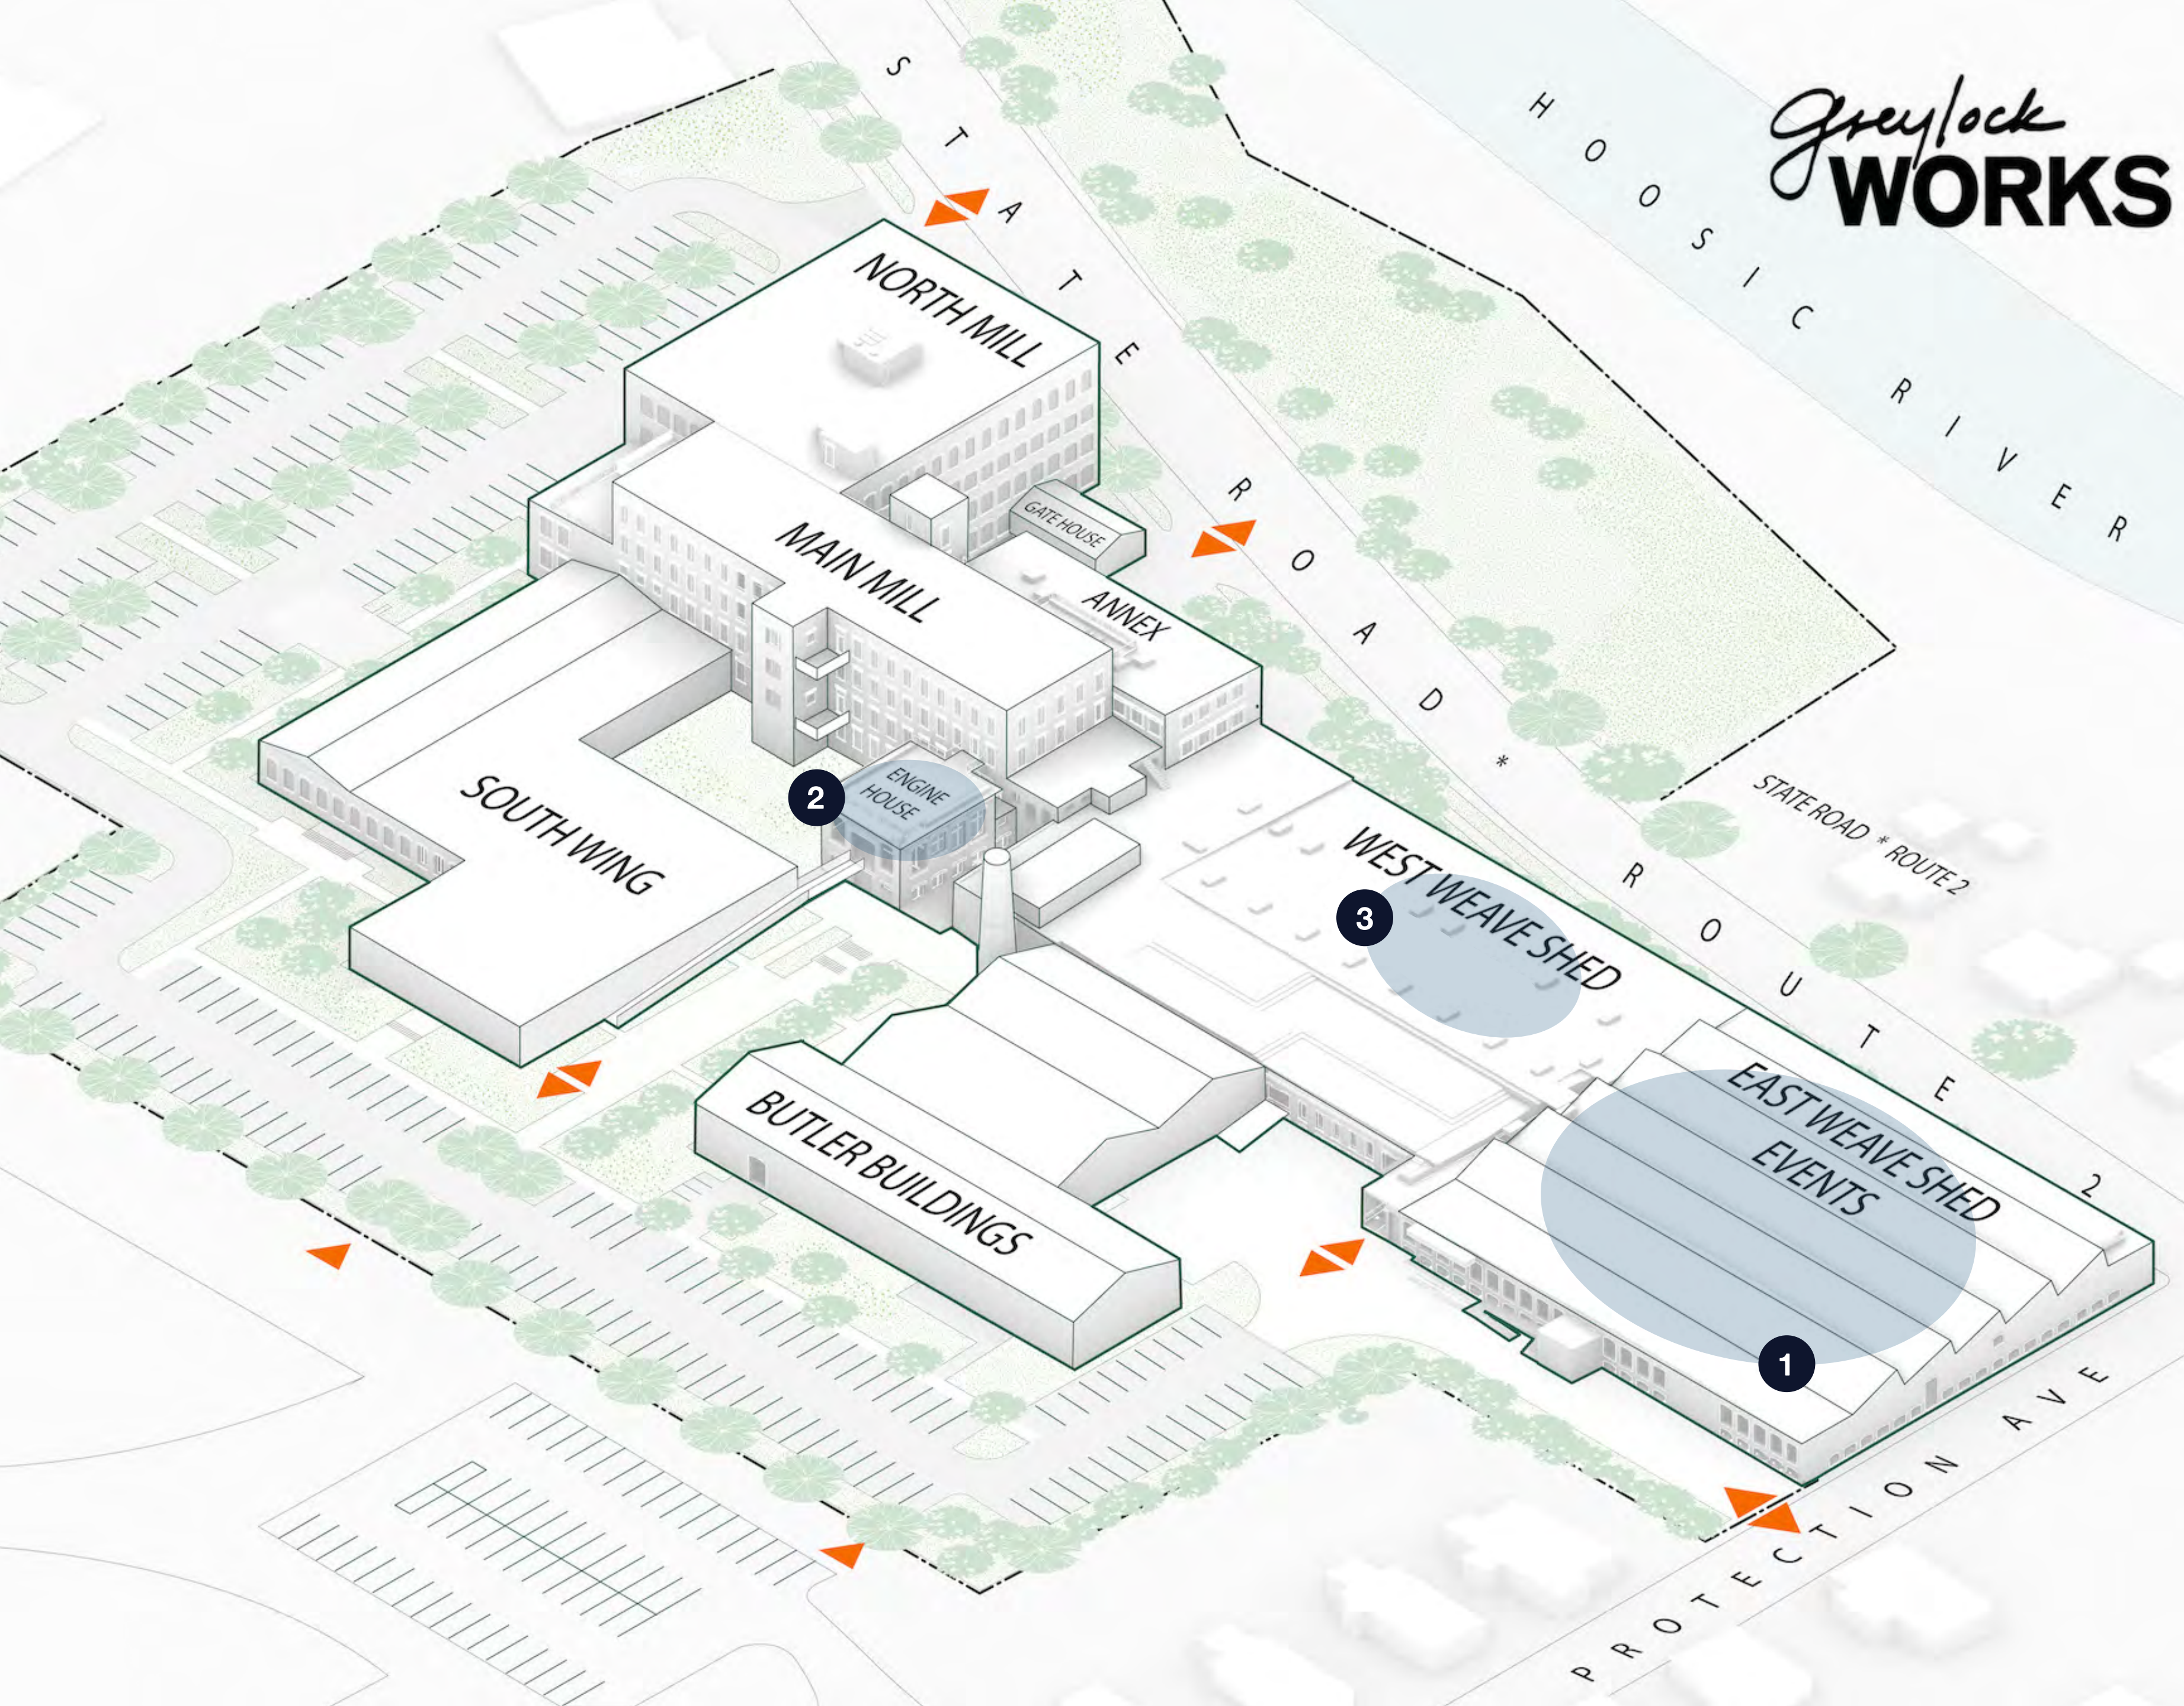

Greylock WORKS has multiple venues with true versatility to support your unique and personally designed event. From the Weave Shed, to the Engine House, to the West Studios—we can't wait to see your vision unfold in these powerfully beautiful spaces!

Events, a vibrant co-work space, and craft food production mark the first phase of the 240,000 square foot redevelopment of the 9-acre Greylock Mill campus, constructed at the turn of the 19th Century for fine cotton spinning. Located in the Berkshires within three miles of Mass MoCA, the Clark, and the Williams College Museum of Art, Greylock WORKS is also at the foot of Mount Greylock and a recreational nexus where MA, NY and VT converge.

THE ENGINE HOUSE

The Engine House at *Greylock WORKS* is an intimate venue for catered dinner parties, cocktail receptions, photo shoots, recitals, readings, yoga classes, or personal retreats for up to 50 people. Flooded with sunlight from dawn to dusk and set amidst a stunning unobstructed view toward Mount Greylock, the main room is 1,100 SF with a 400 SF south-facing loggia.

DETAILS

- Intimate space for smaller gatherings: 1,100 SF with 400 SF south-facing loggia
- Stunning unobstructed view toward Mount Greylock
- Dramatic 100' long steel ADA compliant ramp
- Beautiful stair to a lower level support / staging / prep area
- Can host an intimate ceremony, cocktail hour & reception for up to 50 guests

THE WEST STUDIOS

The West Studios is a perfect venue for community events, conference presentations, and pop-up dinners for up to 75 guests.

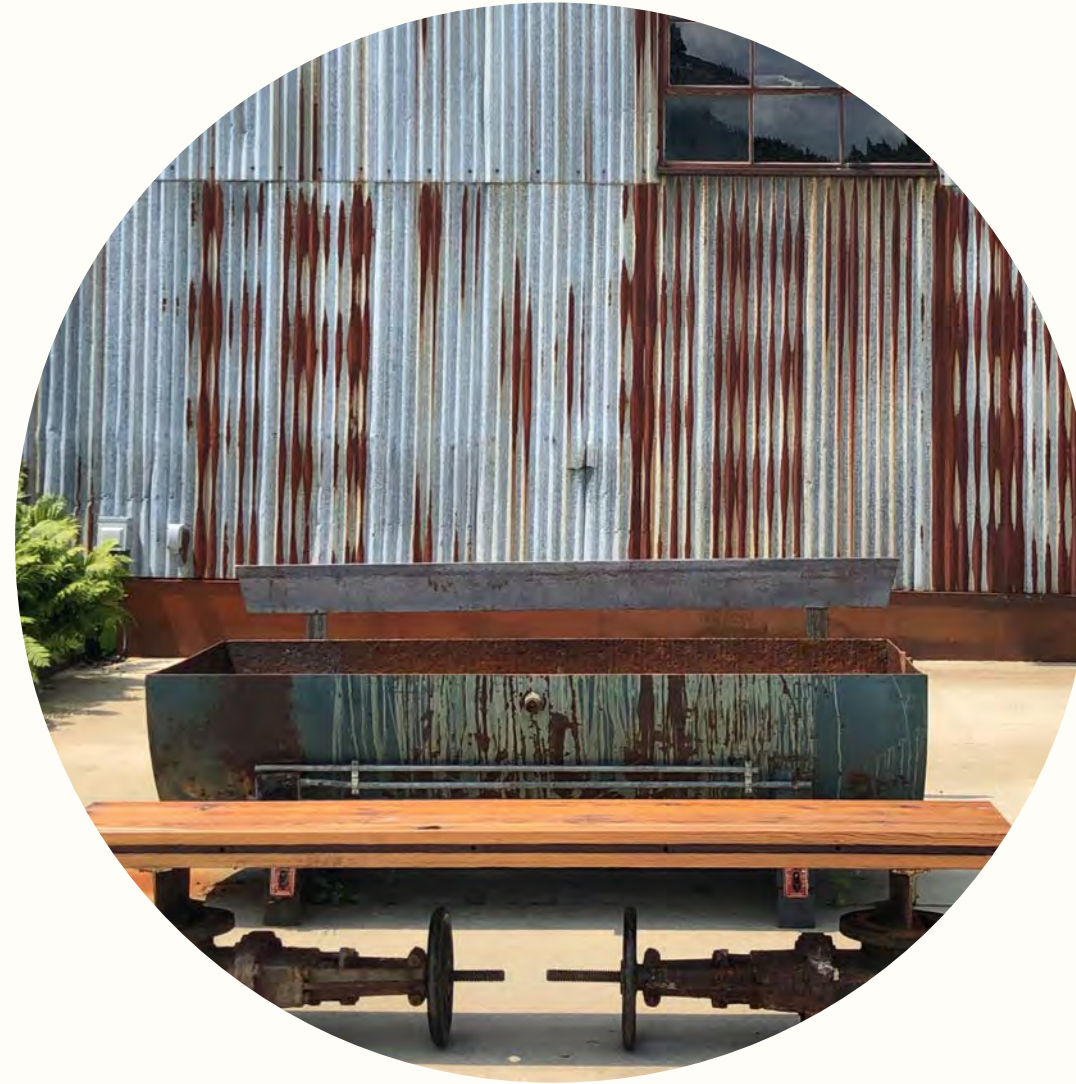

DETAILS

- Restored floors, gorgeous natural light, and community tables
- Projector and projector screen, podium, and A/V setup
- Medium space for events & meetings: 1,600 SF
- Can host community meetings, pop-up dinners, and conference gatherings for up to 75 guests

FAQs

How can I get a detailed price for my specific event date?

We send initial base venue costs to each inquiry we receive. If you have not already done so, please fill out our Event Inquiry Form. After that we'll schedule a quick phone call (generally about 10 minutes), collect a few more details, and provide a detailed quote based on your wedding or event specifics.

Do you offer venue tours on nights and weekends?

Yes, we regularly schedule both in-person and virtual video venue visits on evenings and weekends to fit our clients' needs. We recommend a call and detailed cost estimate before scheduling visits.

Do you allow outside caterers and other third-party vendors?

We shamelessly promote our preferred and in-house vendors, all of whom are top notch and play very well together. *Greylock* WORKS supports our clients' freedom of choice for who they'd like to work with for their ideal wedding and other events.

What is your capacity?

Venue capacity is dependent on how each space is utilized. Our Weave Shed main event venue has a capacity of up to 800 guests and can accommodate wedding ceremonies, cocktail hours, receptions, and more. Our more intimate Engine House venue can accommodate up to 50 guests. Our West Studios common area can accommodate up to 75 guests for a seated meal, cocktail reception, or corporate event. The space has a permanently mounted high lumen projector and 16'x9' screen that can be rolled out for use.

Do you provide catering, bar, and other wedding and event services?

Greylock WORKS provides venue spaces, furniture rentals, setup services for events, and coordination of other third party vendors for access. We do not directly provide food, bar, DJ bands, or dance floor lighting. We have recommended in-house partners to take care of those crucial event services for our clients, or you can bring your own!

Can I have my ceremony and reception together in one space?

Yes. The Weave Shed is ideally suited for a ceremony, seated reception, DJ/ band/ dance floor, game area, and even a lounge furniture hang out area! The Engine House and West Studios common area are more intimate venues. Combined ceremony and reception events depend on the number of guests and other event needs.

Do you have a catering kitchen?

Yes, our spacious, well-equipped catering kitchen and adjacent Culinary LAB area are available as an à la carte option for any of our venues, depending on availability.

Do you have a separate ready room area?

Yes, the 1,000 SF East Studios common area—with its two small private rooms and kitchenette area—is available as an à la carte option. With its own doors into the Weave Shed, the East Studios common area is ideally suited as a processional area for weddings.

Do you have outdoor space for my wedding or other event?

We provide a limited outdoor space where a food truck or outdoor bar can be set up for our Weave Shed event rentals. We can also provide the 4,000 SF Hello Courtyard, with its chic industrial fire pit, as an à la carte option. The Engine House has its own outdoor courtyard area as an à la carte option. We do not offer standalone outdoor venue spaces at this time.

Can I combine more than one venue for my wedding or event, for example: a Friday night rehearsal dinner in the Engine House or West Studios followed by a Saturday Weave Shed Wedding?

Yes, and we offer a 10% discount on the base venue cost of the smaller, additional venue if booked together. The Engine House or West Studios common area are ideal locations for a reception the night before your larger event in the Weave Shed.

Do you have A/V equipment, lighting, and staff available?

For basic A/V needs, we have a medium sized Bose L1 sound system with two wireless handheld microphones and a six channel mixing board that includes set up and staffing for a defined period of hours as an à la carte option. DJs and bands typically bring in their own systems. Basic lighting is included. Depending on your wedding or event vision, a professional lighting setup can make a beautiful difference in the overall vibe. We recommend clients consult with our in-house lighting and A/V partner, Think Events, LLC.

Do you provide Event Planning Services?

Greylock WORKS does not provide Event Planning services, but we can refer you to some fantastic partners! Our venue includes a Day-Of Contact, and we often set up and break down furniture for events. You and your event planner are responsible for providing floor plans, schedules, and any third party vendors.
